

**SPRING 2021**

**QUARTERLY DATA**

**CARPENTRY WORKSHOP**

Before we start...

# CODE OF CONDUCT

*We are dedicated to providing a welcoming and supportive environment for all people, regardless of background or identity.*

# CODE OF CONDUCT

[https://docs.carpentries.org/topic\\_folders/policies/code-of-conduct.html](https://docs.carpentries.org/topic_folders/policies/code-of-conduct.html)

- Go to Instructors or Helpers if you feel the Code of Conduct is being violated.
- There is also a big blue "Report a Code of Conduct Incident" on the course website if you feel the Instructors are not handling appropriately.

# WHAT IS THE CARPENTRIES?

<https://carpentries.org/>

The Carpentries is a global volunteer-driven organization dedicated to teaching computational skills to researchers and anyone who works with data.

# CARPENTRIES AT THE SMITHSONIAN

<https://datascience.si.edu/carpentries>

The Smithsonian Carpentries Team is made up of Smithsonian staff and fellows from around the Institution.

# **INTRODUCTIONS**

***INSTRUCTORS AND HELPERS***

# **INTRODUCTIONS**

***LEARNERS***

# CARPENTRIES WAY OF TEACHING

Code along, rather than lecturing from PowerPoint, or  
just demonstrating

Odds of running into an error are high, but don't panic –  
this is a great opportunity to learn

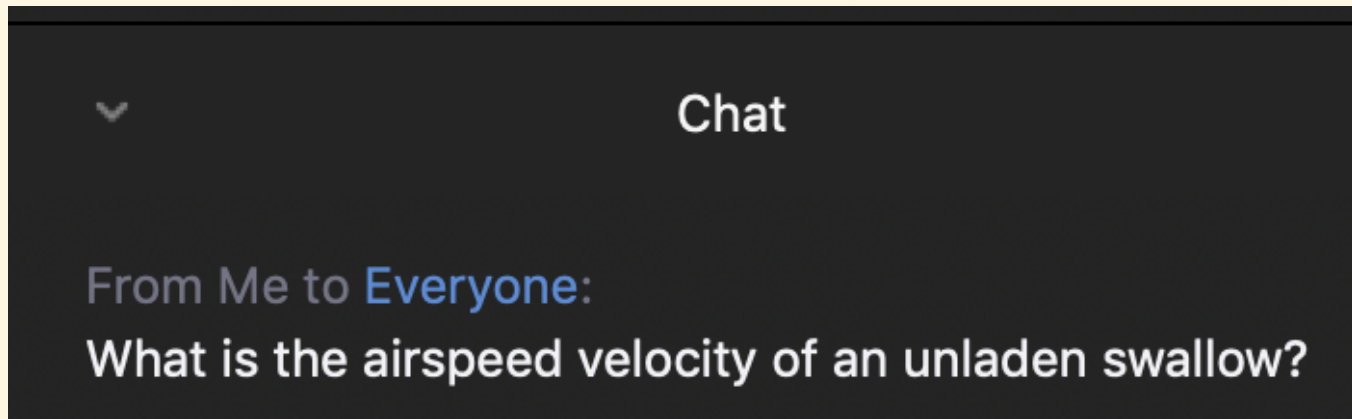

# WE WON'T LEAVE YOU BEHIND

We'll use the "yes" / "no" buttons in the Zoom Reactions or Participants panel.

# HOW TO ASK QUESTIONS

The Instructors will try to build in time between lessons to ask questions, but use the Zoom chat for questions that come up during a lesson.

# COURSE WEBSITE AND ETHERPAD

<https://smithsonianworkshops.github.io/2021-05-19-smithsonian-online>

<https://pad.carpentries.org/2021-05-19-smithsonian-online>

A collaborative document – think of it as a stripped-down version of Google Docs

# ZOOM PROBLEMS?

If you are unable to join the Zoom, please put a message on the EtherPad chat

# YOUR FIRST CHALLENGE

- Go to the EtherPad
- Add your name, unit, and your favorite dessert under Attendance Day 1
- Set the "yes" checkbox reaction in Zoom

# WHAT WE WILL BE TEACHING IN THIS WORKSHOP

We will be teaching you data organization, cleaning, and visualization skills, so that your analyses can be easily understood and reproduced by your colleagues ...  
*and your future self.*

# **DAY ONE (TODAY)**

**TIDY DATA PRINCIPLES IN SPREADSHEETS**

**OPENREFINE**

# **DAY TWO (TOMORROW)**

**SQL DATABASE LANGUAGE**

**DAYS THREE AND FOUR  
(NEXT WED AND THUR)**

**R AND RSTUDIO**

**WORKING WITH DATA FILES**

**VISUALIZING DATA WITH GGPLOT2**

*We will be teaching you skills on a demo dataset, but to really add them to your toolbox you need to work through them on your own data.*

*How to actually learn any new programming concept*

*Essential*

Changing Stuff and  
Seeing What Happens
